IP ADDRESS ALLOCATION JUSTIFICATION FORM

HomeWorks Connect (HomeWorks) conforms to the North American IP Registry (ARIN) policies regarding IP address allocation. HomeWorks will assign the amount of IP addresses that clients can justify for use on their local area network. Use this form for initial assignments and changes. We require a written justification form for any IP address blocks requested so that we can demonstrate to ARIN that IP addresses allocated to us are being used efficiently. Per ARIN guidelines (http://arin.net/), organizations will be assigned IP address space based on immediate use plus three- and six-month forecasting shown on the next page.

If you have any questions about the IP assignment policy or process, please refer to the IP Assignment Policy and Procedures, and RFC 2050 (www.arin.net/policy/nrpm.html#four).

Please complete the form below and return it to HomeWorks.
